DISCONNECT DATES ARE
THE 9TH OF EVERY MONTH

Reconnection Charge: \$60
Returned check fee: \$25

CEO REPORT

Your cooperative is still the light in stormy times

In many respects, 2023 can be summarized as perhaps the most challenging and rewarding year in your cooperative's

history, or at least in recent memory. This summarization is based on the large number of challenges and setbacks we faced throughout the year. In the end, your cooperative was able to respond and continue to improve our members' quality of life.

The first area I would like to address relates to the weather. Beginning in June of last year and continuing through the winter of 2023 and now spring, our area has been in the crosshairs of a number of violent storms. Some of these devastating storms brought high winds, rain and lightning, while others brought ice and heavy, wet snow. In the wake of these storms, our members and region were left with countless numbers of damaged trees, homes and infrastructure. Our operation crews worked tirelessly to restore power and replace broken poles and facilities. In addition to working nights and weekends, your cooperative requested and received help from many of our neighboring cooperatives on two occasions. On behalf of the

Board, I would like to thank all of them and our employees for their hard work. They truly are the difference makers in our ability to restore your power in a timely manner.

Unfortunately, these service interruptions, system damage and additional labor come at a cost and in 2022 played a big role in operating margins being down nearly \$80,000 from 2021 levels. We are estimating that the February 2023 storms will come in at an additional cost of \$225,000 and will be reflected in next year's financials.

As we have also seen, our economy continues to struggle with inflation, rising interest rates, price increases and shortages of materials. In fact, we have seen virtually everything from interest rates to poles, wire and hardware increase in the last year. Even the energy markets and our wholesale power prices have been affected by the downturn in the economy. Based on our current administration's efforts to address the problems and their position on fracking and natural gas constraints, we really don't see any relief in the near future. In and of itself, these changes would be a challenge, but when you consider our efforts to build a broadband internet network in the

region, these cost increases certainly became much more troublesome.

Internally, your cooperative had to work through a rather large and complicated data processing conversion to allow for the expansion of services to include broadband internet. Setting up a completely new billing process for broadband was tedious, but when you consider the efforts to complete the engineering, design, mapping and marketing, there was a tremendous amount of behind-the-scenes work done before we could even get to start construction.

However, in spite of all of these challenges, in October 2022, we began connecting our Fiber to the Home (FTTH) internet service to members in the west side of our service area. Today, we have nearly 1200 total accounts when we consider our Point to Point (P2P) network. In fact, we have reached a significant milestone by now having all of Phase 1 of our FTTH network completely open and available to our members. We are presently working in Phase 2, which includes the area north of Angola and the lakes region with an anticipated completion date of August 2023. By the end of the year, we hope to have Phase 3 serving the east side of our territory completed, and by

Steuben County REMC news

this time next year, we plan to have the network available to all of our members.

Unfortunately, those same economic factors I mentioned earlier are contributing to higher-than-expected costs on the FTTH project as well, and this may create some additional risks for us as we move forward. However, our member's participation and the level of service they request could play an important role in offsetting these expenses. As an example, in phase 1, nearly 50% of members connected to the broadband internet service and a majority of those signed up for the 500 Mb: gold service level. Initially, we estimated the take rate to be 40% and that the 100 Mb: silver service level would be the most popular. Clearly, this interest level indicated that the demand for broadband in our area is stronger than expected and how needed high-speed internet is here in rural Steuben County.

In spite of all the challenges that I have mentioned, your cooperative was able to finish the year in sound financial condition with over \$454,000 in operating margins before we add any patronage related to our

wholesale power provider Wabash Valley Power Alliance. Our equity is down a bit to 45% due to the capital investment in broadband, but still very commensurate to industry standards. Our retail rate is up slightly to cover some of the debt service associated with our capital expenditures as well as changes in our wholesale power costs. However, it still remains very competitive and one of the lowest in the region.

Finally, I would be remiss if I did not take this opportunity to not only thank our employees but also compliment them on all of their hard work and dedication this year. There is no way we could have managed to work through so many challenges and yet achieve so much without these highly skilled individuals. Every day they show up ready to take on whatever needs to be done. It is a privilege to be by their side and because of their efforts, I'm confident that your cooperative will continue to provide the services our members need to help improve your quality of life.

KEVIN KEISER
CEO

Voting INSTRUCTIONS

VOTE BY MAIL

- Mark your selection by completely filling in the box.
- Detach ballot and place in the enclosed return envelope. Mail to Survey & Ballot Systems, 7653 Anagram Drive, Eden Prairie, MN 55344.
- Do NOT include bill payment in the return envelope.
- Ballots must be received by June 8, 2023.
- Please allow sufficient time for delivery.

VOTE ONLINE

- To access the login page of the official 2023 SCREMC Election, please type directvote.net/SCREMC into the address bar located at the top of your internet browser screen.
- Above and to the left is your Member Number and your Election Passcode.
- Use both of these numbers to log in.
- Once registered, follow the online voting instructions.
- Online voting begins on May 8, 2023, and ends at 11:59 p.m. ET, June 8, 2023.
- Do not mail your ballot if you plan to vote online.

VOTE ON SMARTHUB

- **App:** Open your SmartHub app, log in and click the "Vote Now" button.
- **Online:** Log in to your SmartHub online account and click the "Vote Now" button.
- Online voting begins on May 8, 2023, and ends at 11:59 p.m. ET, June 8, 2023.

Do not mail your ballot if you plan to vote online. If you have any problems voting online, please email support@directvote.net or call 952-974-2339.

EFFICIENCY TIP

Consider the location of your thermostat

For maximum accuracy, place thermostats in the center of the home, away from air vents, plumbing pipes and exterior doors. Avoid placing items like lamps and televisions near your thermostat, which can cause the HVAC to run longer than necessary. Avoid installing thermostats in rooms that tend to feel warmer or colder than the rest of the home. Do not place furniture in front of the thermostat, which can block air flow and result in inaccurate readings.

2022 OPERATION ROUND UP REPORT

Small change changes lives

Operation Round Up is a program that allows Steuben County REMC members to automatically round up their monthly bill to the next dollar. The maximum a member would donate is \$11.88/year, but an average donation is \$6. The change is pooled together into a fund that is overseen by a group of members and two Steuben County REMC employees with a passion for our local community.

The Operation Round Up program has donated over \$700,000 to

more than 540 projects in our local community since this program was started in 2004. The organizations that have been granted funds are non-for-profit that help with economic development or improve the quality of life of our membership.

Local non-for-profit organizations can apply for funds. Application deadlines are the last Friday of March, June, September and December. To see more information go to remcsteuben.com/operation-round-up.

If you would like to opt-in to the program, call our office at 260-665-3563.

We would like to thank the 2022 Operation Round Up volunteer board — Gus Reed (President), Deb Delancey (Vice President), Dale Chard and Craig Ralston — for their time and commitment to bettering our community.

The 2023 application deadlines are June 30, Sept. 29 and Dec. 29.

Grantee	Project
Steuben County Council on Aging	Improving overall health through communication and nutritional education
Steuben County Farmers Market	20th anniversary community cookbook
Junior Achievement	Capstone immersion experience
Plum Child Care	Play equipment for toddlers
TLC Steuben	Restoring strength
Erin's House for Grieving Children	Support for children and teens in Steuben County
Elijah Haven Crisis Intervention Center	Teen dating violence awareness
American Red Cross	Home fire relief for Steuben County
Steuben County Economic Development Corporation	County-wide strategic plan

More than \$30,000 was donated in 2022.

MEET YOUR *director candidates*

Exercise one of the greatest benefits of being a member of an electric co-op by voting for the upcoming year's board of directors. Districts 1, 2 and 9 are up for election.

DISTRICT 1: GREENFIELD AND MILLGROVE TOWNSHIPS

Gary Shough, incumbent

Why are you running for office?

"I enjoy the challenges and opportunities being a director offers to me. It's rewarding to see our community grow through decisions that are made in the boardroom including Operation Round Up and the broadband project."

Occupation: Equipment Operator, Steuben County Highway (25 years)

Department (Assistant Fire Chief)

Family: Married to wife, Kelly, two children and six grandchildren

Community Involvement: 4-H Fair Board (President), Boy Scout Troop 423 (Assistant Scoutmaster), Orland Community Volunteer Fire

Special Recognitions: Credentialed Cooperative Director Certificate, Board Leadership Certificate and the Director Gold Certificate

Interests: Working my small farm in the northwest corner of Steuben County, where I feed out a few steers. I enjoy hunting and fishing.

DISTRICT 9: OTSEGO, RICHLAND AND FRANKLIN TOWNSHIPS

Marc Nelson, incumbent

Why are you running for office?

"I feel I'm giving back to our members for what our co-op has done since being founded in 1937. I have enjoyed watching the progress of the fiber coming to our members and other benefits."

Occupation: Owner of Nelson's Carpet Service (30+ years)

Special Recognitions: Credentialed Cooperative Director Certificate, Board Leadership Certificate and the Director Gold Certificate

for 45 years, four children and 13 grandchildren

Community Involvement: Indiana Electric Cooperative (IEC) Board

Family: Married to wife, Robbie,

Interests: Enjoys riding motorcycles, fishing, camping and spending time with family.

District 2 candidates on next page

Ryan Welch

Why are you running for office?

"I have always been impressed by the way our REMC has taken care of the community, its members and employees. The service and professionalism is second to none. I would like the opportunity to contribute my sales and business experience to remain competitive in the market and support the ongoing success of this wonderful organization."

Occupation: Outside Sales Territory Manager, Dunham Rubber and Belting Corporation (23 years)

Degree/Certification: Bachelor of Science in Industrial Technology Education

Community Involvement: Sons of the American Legion Post 423 Orland IN (Past Chaplin), American Legion Riders Post 423 (Current Director, Previous: Treasurer, Chaplin), Honor Guard Commander Post 423,

Jimmerson Lake Association

Family: 2 children

Interests: Enjoys riding motorcycles, boating, fishing, hunting and shooting sports.

Samuel "Gus" Reed

Why are you running for office?

"Now that I am retired, I'd like to dedicate a significant part of my time serving the community."

Military Service: U.S. Air Force

Occupation: Engineer, Department of Defense Air Force Research Lab (retired after 40 years)

Degree/Certification: Bachelor of Science in Aerospace Engineering; Master's in Business Administration; graduate Air War College

Community Involvement: Snow Lake Cottagers Association (President), Steuben County REMC Operation Round Up (President), Trine University Mechanical Engineering and Cast Metals Professional Advisory Board, Steuben County Lake Council (Lake Representative), American

Legion Post 423 Orland, Indiana

Special Recognitions: Outstanding Civilian Career Service Award

Family: Married to wife, Cheryl, six children and three grandchildren

Interests: Enjoys hunting, fishing and all things outdoors.

Randy Tilbury

Why are you running for office?

"Since I retired in April 2022, I feel that I now have the time to devote to this board. I have been interested in the REMC for years and I feel that my financial background could contribute to the organization as it expands its services."

Occupation: Certified Public Accountant, Randy Tilbury CPA (retired after 47 years)

Degree/Certification: Bachelor of Arts Business Administration, Certified Public Accountant

Community Involvement: Past member of Kiwanis and Rotary.; Fremont United Methodist Church (past Treasurer); Little League

Baseball (past coach); Fremont Junior High and High School Golf (past coach); volunteered with many Steuben County exempt organizations. Involved with Steuben County Community Foundation since 1992

Special Recognitions: As a senior at Angola High School in 1976, finished first in National Co-op Education accounting test, graduated Tri-State

University School of Business with highest GPA.

Family: Married 40 years to wife, Phyllis, two children and four grandchildren

Interests: Enjoys golfing, woodworking, helping people and family with building improvement projects. Lifelong resident of Steuben County.
